EDUCATION

Air University — Bachelor of Science in Software Engineering

June 2022 – June 2026

Islamabad, Pakistan

TECHNICAL SKILLS

Languages:	JavaScript, TypeScript, Python, Kotlin, Dart, SQL
Frontend:	React.js, Next.js, Tailwind CSS, Framer Motion, HTML5, CSS3
Mobile:	React Native, Expo, Android Development (Kotlin), Cross-Platform App Design
Backend:	Node.js, Express.js, FastAPI, REST API Design, Python
Databases:	MongoDB, MySQL, Firebase Realtime Database, Firestore
AI / ML:	TensorFlow, NLP, OCR, Prompt Engineering, Gemini API, AI Integration, LLM
Tools:	Git, GitHub, Docker, Figma, Postman, Vercel, Android Studio, VS Code, ZEGOCLOUD, Agile/Scrum
Soft Skills:	Team Leadership, Client Communication, Stakeholder Management, Cross-Functional Collaboration, Problem Solving, Critical Thinking, Time Management, Adaptability

WORK EXPERIENCE

Software Developer | SoftxSolutions

July 2025 – July 2026

- Engineered full-stack web applications using MongoDB, Express.js, React.js, and Node.js (MERN stack), improving overall page load performance.
- Integrated AI features using Python and FastAPI, automating data processing pipelines and reducing manual effort.
- Optimized REST API response times through query optimization, caching strategies, and code refactoring across production environments, collaborating closely with cross-functional engineering and product teams.

Mobile App Development Intern | Evosoft

June 2024 – September 2024

- Developed Android application features in Kotlin, improving app stability and increasing user retention.
- Resolved bugs within agile sprint cycles, communicating progress with QA and design teams to maintain consistent on-time delivery across multiple sprints.

- Designed wireframes and high-fidelity Figma prototypes for web and mobile products, streamlining design-to-development handoff.
-

PROJECTS

Heal — Telemedicine Mobile App | *React Native, Firebase, ZEGOCLOUD*

- Led development of a doctor-patient video consultation platform supporting real-time HD video calls via the ZEGOCLOUD SDK, managing timelines and client communication independently as part of a freelance engagement.
- Implemented health tracking features and Firebase authentication, streamlining the client onboarding experience.

Domestic Care Services — Service Marketplace | *React Native, Google Maps API, Firebase*

- Developed a two-sided marketplace connecting customers with service providers through real-time GPS location tracking.
- Integrated Google Maps API and Firebase Realtime Database to deliver fast, live provider location updates.

DocXtract (Final Year Project) — AI-Powered Document Analyzer | *React, Node.js, FastAPI, Gemini API, OCR, MongoDB*

- Built an end-to-end document intelligence platform processing multi-page PDFs with an AI Q&A chatbot, NLP summarization, and automated quiz generation.
- Integrated the Gemini API with a custom OCR pipeline, achieving reliable text extraction across varied document formats.

IELTS Counsel — AI-Powered IELTS Preparation Platform | *Python, React, Tailwind CSS*

- Developed an AI-driven IELTS preparation platform with dedicated Listening, Reading, Writing, and Speaking modules, delivering personalized study plans and instant scoring feedback.

Code Smell Detection Tool — ML-Powered Static Analysis | *React, Python, REST APIs, Machine Learning*

- Built an ML-powered static code analysis tool that detects multiple categories of code smells via REST APIs, improving codebase maintainability.

Corefinity — Corporate Marketing Website | *Next.js, Framer Motion*

- Delivered a conversion-optimized marketing website for a client, managing stakeholder requirements independently from scoping through launch, featuring Framer Motion animations and strong page performance.
-

CERTIFICATIONS & LANGUAGES

Certifications:	Prompt Engineering for Developers (DeepLearning.AI) · Meta Front-End Developer Certificate (Meta) · Google Crash Course on Python (Google/Coursera) · Six Sigma Yellow Belt (Coursera, Kennesaw State University) · Blockchain Awareness (128 Tech)
Languages:	Urdu (Native), English (Professional Working Proficiency)
